## Typical Product Specifications & Properties

# (4-Amino-2-bromophenyl){4-[2-(4-chlorophenyl)ethyl]piperazin-1-yl}methanone

CAS Number: : 142962-92-3

| Specifications     | Limits                                                                                                                                                                                    |
