## Typical Product Specifications & Properties

# (5-(((2,4-Dimethoxybenzyl)amino)methyl)-2-fluorophenyl)boronic acid

CAS Number: : 1704081-52-6

| Specifications     | Limits                                                                                                                                                                                   |
