## Typical Product Specifications & Properties

# 1,1'-Dibutyl-3,3,3',3'- tetramethylindotricarbocyanine Hexafluorophosphate

CAS Number: : 134339-08-5

| Specifications     | Limits                                                                                                                                                                                             |
