## Typical Product Specifications & Properties

# 1(2H)-Pyrimidineacetic acid,4- [[ (1,1- dimethylethoxy)carbonyl]amino]-2 OXO-

CAS Number: : 172405-16-2

| Specifications     | Limits                                                                                                                                                                                         |
