

## Typical Product Specifications & Properties

# 1-Iodo-2-nitrobenzene

CAS Number: : 609-73-4

| Specifications   | Limits                                    |
|------------------|---|
| Molecular weight | 249.01                                    |
| InChI            | 1S/C6H4INO2/c7-5-3-1-2-4-6(5)8(9)10/h1-4H |
