

## Typical Product Specifications & Properties

# 2,2-Difluorosuccinic acid

CAS Number: : 665-31-6

| Specifications   | Limits                            |
|------------------|-----------------------------------|
| Molecular weight | 154.07                            |
| EINECS           | 211-558-1                         |
| SMILES           | <chem>OC(=O)CC(F)(F)C(=O)O</chem> |
