

## Typical Product Specifications & Properties

# 2-(4-(Azetidin-3-Yl)Piperazin-1-Yl)Pyrimidine

CAS Number: : 223382-10-3

Specifications	Limits
Chemical Structure	 <p>The chemical structure shows a pyrimidine ring connected at its 2-position to the nitrogen atom of a piperazine ring. The piperazine ring is further connected at its 4-position to the nitrogen atom of an azetidine ring. The azetidine ring has a hydrogen atom attached to its nitrogen atom. The structure is overlaid on a 'parchem fine &amp; specialty chemicals' logo.</p>
