

## Typical Product Specifications & Properties

# 2,6-dichloro-4-nitroanilinium chloride

CAS Number: : 93919-27-8

| Specifications   | Limits    |
|------------------|-----------|
| Molecular weight | 243.48    |
| EINECS           | 300-012-9 |
