

Typical Product Specifications & Properties

4-Chromancarboxylic Acid

CAS Number: : 20426-80-6

Specifications	Limits
Chemical Structure	 <p>The image shows the chemical structure of 4-chromancarboxylic acid. It consists of a chromane ring system (a benzene ring fused to a six-membered ring containing an oxygen atom) with a carboxylic acid group (-COOH) attached to the 4-position of the six-membered ring. The structure is overlaid with a large, semi-transparent 'parchem' logo and the text 'fine & specialty chemicals'.</p>
