

Typical Product Specifications & Properties

5-Chloro-1-pentyne

CAS Number: : 14267-92-6

Specifications	Limits
Chemical Structure	 <p>The image shows the chemical structure of 5-chloro-1-pentyne, which is a five-carbon chain with a triple bond between the first and second carbons and a chlorine atom attached to the fifth carbon. The structure is drawn in a skeletal format with a green chlorine atom. Below the structure is the Parchem logo, which consists of two interlocking circles above the word "parchem" in a lowercase, sans-serif font, with the tagline "fine & specialty chemicals" underneath.</p>
