## Typical Product Specifications & Properties

# Aspirin USP-26

CAS Number: : 50-78-2

| Specifications                  | Limits                   |
|---------------------------------|--------------------------|
| Clarity & Color of Solution     | Clear                    |
| Readily Carbonizable Substances | Ref. Solution            |
| Assay                           | 99.5 - 100.5%            |
| Identification                  | Positive                 |
| Chloride                        | 0 - 0.014%               |
| Particle Size                   | 20 - 60 Mesh             |
| Loss on Drying                  | 0 - 0.5%                 |
| Salicylic Acid                  | 0 - 0.1%                 |
| Sulphate                        | 0 - 0.02%                |
| Appearance                      | White crystalline powder |
| Residue on Ignition             | 0 - 0.05%                |
| OVI                             | Conforms                 |
