

## Typical Product Specifications & Properties

# Clopyralid

CAS Number: : 1702-17-6

Specifications	Limits
Chemical Structure	 <p>The image shows the chemical structure of Clopyralid, a herbicide. It features a complex polycyclic system with a benzene ring fused to a five-membered ring containing an oxygen atom, which is further fused to a six-membered ring containing a nitrogen atom. The structure is annotated with various atoms: a hydroxyl group (-OH) in red, a carbonyl group (-C=O) in red, and a nitrogen atom in blue. The text 'parchem fine &amp; specialty chemicals' is overlaid on the structure.</p>
