

## Typical Product Specifications & Properties

# Glycol Ether DPM Reagent Grade

**CAS Number: : 34590-94-8**

| Specifications          | Limits                   |
|-------------------------|--------------------------|
| Appearance              | Free of suspended matter |
| Acidity as Acetic Acid  | 0.01% max                |
| Specific Gravity (20°C) | 0.953~0.957              |
| Color (APHA)            | 15 Max                   |
| Distillation Range      | 180.0~196.0              |
| Water Content           | 0.10 wt% max             |
