## Typical Product Specifications & Properties

# 4-Chloro-6-(4-chlorophenyl)-2-phenyl-5-pyrimidinecarbonitrile

CAS Number: : 338976-31-1

| Specifications     | Limits                                                                                                                                                                      |
