## Typical Product Specifications & Properties

# 1-Benzyl-4-(Boc-Amino)Piperidine-4-Carboxylic Acid

CAS Number: : 150435-81-7

| Specifications     | Limits                                                                                                                                                                   |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight   | 334.41                                                                                                                                                                   |
| Chemical Structure |  73185_73185_1-benzyl-4-boc-amino-piperidine-4-carboxylic-acid.png chemical structure |
