

Typical Product Specifications & Properties

isolongifolanone

CAS Number: : 23787-90-8

Specifications	Limits
Substantivity	240 hrs. on smelling strip
Appearance	pale yellow to colourless clear liquid
Flash Point	>100°C
Organoleptic note	warm woody, aspects of patchouli and vetivert oils
Assay	70% or 80% min. (sum of Z+E isomers)
Specific gravity	0.997 - 1.101
Refractive Index	1.498 - 1.503
Insolubility	in water
Odor	dry woody, earthy-camphoraceous patchouly odor
Molecular weight	220.36
Color	pale yellow to colorless clear liquid
Solubility	ethyl alcohol
