## Typical Product Specifications & Properties

# Methyl Soyate

CAS Number: : 67784-80-9

| Specifications           | Limits                   |
|--------------------------|--------------------------|
| Refractive Index         | 1.4460 - 1.4480 (46°C)   |
| Color                    | <= 2.0 R (Lovibond Red)  |
| Residue on Ignition      | <= 0.05%                 |
| Iodine Value             | 125 - 135                |
| Free Fatty Acid          | <= 0.25% (as Oleic Acid) |
| Specific Gravity at 25°C | 0.865 - 0.890            |
| Flash Point              | >= 266°F                 |
| Methyl Ester Content     | >= 95.0%                 |
| Odor                     | Characteristic           |
| Appearance @ 25C         | Clear liquid             |
| Moisture                 | <= 0.10%                 |
| Methanol                 | <= 0.05%                 |
