## Typical Product Specifications & Properties

# N-[Diethenyl(methyl)silyl]-1,1-diethenyl-1-methylsilanamine

CAS Number: : 89819-85-2

| Specifications     | Limits                                                                                                                                                                    |
