## Typical Product Specifications & Properties

# Oxetorone

CAS Number: : 26020-55-3

Specifications	Limits
Molecular weight	319.4
Chemical Structure	 <p>The chemical structure of Oxetorone is shown, featuring a central benzene ring with a piperazine ring and a morpholine ring attached. The piperazine ring has a methyl group on one nitrogen and a propyl chain on the other, which is connected to the morpholine ring. The morpholine ring is also connected to a benzene ring. The structure is overlaid with a faint 'parchem fine &amp; specialty chemicals' watermark.</p>
Assay/Purity	Typically NLT 98%
