

Typical Product Specifications & Properties

Potassium Phosphate Monobasic

CAS Number: : 7778-77-0

| Specifications | Limits |
|------------------|---|
| Density | 2.338 |
| pH | 4.5 (1) |
| Insolubility | in alcohol |
| Odor | odorless |
| Melting Point | 253 c |
| Molecular weight | 136.09 |
| Color | colorless crystal or white crystal powder |
| Solubility | water |
