## Typical Product Specifications & Properties

# Propyl Oleate, Sulphated

CAS Number: : 68954-62-1

| Specifications               | Limits                                                                                                                               |
