## Typical Product Specifications & Properties

# rhodinyI isobutyrate

CAS Number: : 138-23-8

| Specifications               | Limits                                                |
|------------------------------|-------------------------------------------------------|
| Assay                        | 85.00 to 100.00 %                                     |
| Appearance                   | colorless to pale yellow clear oily liquid            |
| Specific gravity             | 0.88000 to 0.89000 @ 25.00 °C                         |
| Pounds/Gallon                | 7.322 to 7.406                                        |
| Refractive Index             | 1.44800 to 1.45300 @ 20.00 °C                         |
| Vapor Pressure               | 0.002410 mm/Hg @ 25.00 °C                             |
| logP (o/w)                   | 5.17                                                  |
| Odor Type                    | floral                                                |
| Equivalence Factor for Assay | 113.18                                                |
| Boiling Point                | 260.00 °C. @ 760.00 mm Hg                             |
| Flash Point                  | > 212.00 °F.TCC                                       |
| Odor                         | sweet natural red rose spicy fruity tropical geranium |
