

## Typical Product Specifications & Properties

# Sorbitan Monosterate

CAS Number: : 1338-41-6

Specifications	Limits
Saponification number	147-157
Acid Value	10.0 Max
Saponification Value	147 - 157
Hydroxyl Value	235 - 260
Moisture	1.5% Max
Color	7 Gard Max
Insolubility	in water, acetone, alcohol, propylene glycol
Melting Point	49-65 c
Odor	cream to tan waxy beads, bland odor and taste
HLB	4.7
Molecular weight	430.70
Acid Number	5-10

Specifications	Limits
Solubility	ethyl acetate, veg. and min. oils
