

# Typical Product Specifications & Properties

## [tetra\(isotridecyl\) orthosilicate](#)

**CAS Number: : 93776-40-0**

| Specifications   | Limits    |
|------------------|-----------|
| Molecular weight | 825.50    |
| EINECS           | 297-969-7 |
