

Typical Product Specifications & Properties

Tezampanel

CAS Number: : 150131-78-5

Specifications	Limits
Molecular weight	279.338
Assay/Purity	Typically NLT 98%
Chemical Structure	 <p>The chemical structure of Tezampanel is shown, featuring a complex bicyclic core with a piperazine ring and a piperidine ring. It is substituted with a carboxylic acid group, a hydroxyl group, and a 1H-imidazole ring. The structure is overlaid with a watermark for 'patchem fine & specialty chemicals'.</p>
