

## Typical Product Specifications & Properties

# Titanium hydride

CAS Number: : 7704-98-5

| Specifications   | Limits                      |
|------------------|-----------------------------|
| Molecular weight | 49.88                       |
| InChI            | 1S/Ti.2H                    |
| InChIKey         | COEYXIBLSAIEKV-UHFFFAOYSA-N |
